

Question:

Janet’s ducks lay 16 eggs per day. She eats three for breakfast every morning and bakes muffins for her friends every day with four. She sells the remainder at the farmers' market daily for \$2 per fresh duck egg. How much in dollars does she make every day at the farmers' market?

Reasoning + Answer:

<think>

To find out how much Janet makes at the farmers ' market , we need to first calculate the total number of eggs she has each day .

Jan et has 16 eggs per day .

She eats 3 eggs for breakfast .

She uses 3 eggs for baking

So remaining eggs = 16 - 3 - 3 =

lo their eggs at market

JA ÙħØμØ±Ùğ = sale FOUR after"

Sales bfs assistant

< answer > 10
