

Question:

Which expression is equal to 720?

Answer Choices:

- A. 7×20
- B. 9×90
- C. 8×80
- D. 9×80

Reasoning + Answer:

<think>

Given the options and the target number 720 , we need to find a combination of numbers that multiplies to 720 .

Option A , 7×20 , equals 140 , which is less than 720 .

Option B , 9×90 , equals 810 , which is more than 720 .

Option C , 8×80 , does not seem right because of the multiplication table for 8×80 .

Option D , 9×80 , seems like a possible solution since 8 and 9 are closer in the multiplication table , but we need to check 9×80 .

9×9 equals 81 ; 80 is close by , Multiply 9×80
