

Question:

What are the minimum and maximum possible values of Glasgow Coma Score?

Answer Choices:

- A. Minimum = 3, Maximum = 15
- B. Minimum = 0, Maximum = 13
- C. Minimum = 0, Maximum = 15
- D. Minimum = 3, Maximum = 18

Reasoning + Answer:

<think> The Glasgow Coma Scale is a neurological scale used to assess the level of consciousness in a person . It is composed of three components : Eye Opening , Verbal Response , and Motor Response . Each component has a specific score , and the total score is the sum of these three components . The minimum score is 3 (indicating deep unconsciousness) and the maximum score is 15 (indicating full consciousness). To determine the correct answer , I need to consider the possible scores for each component and the total score . </think><answer> A . Minimum = 3 , Maximum = 15 </answer>
