

Question:

What are the minimum and maximum possible values of Glasgow Coma Score?

Answer Choices:

- A. Minimum = 3, Maximum = 15
- B. Minimum = 0, Maximum = 13
- C. Minimum = 0, Maximum = 15
- D. Minimum = 3, Maximum = 18

Reasoning + Answer:

<think> in the Glasgow Coma Scale , the minimum score is 3 (which is the sum of 1 for eye opening , 1 for best motor response , and 1 for best verbal response) and the maximum score is 15 </think><answer> the minimum is 3 and the maximum is 15 </answer>
