

Question:

What are the minimum and maximum possible values of Glasgow Coma Score?

Answer Choices:

- A. Minimum = 3, Maximum = 15
- B. Minimum = 0, Maximum = 13
- C. Minimum = 0, Maximum = 15
- D. Minimum = 3, Maximum = 18

Reasoning + Answer:

<think> Glasgow Coma Score (GCS) is a scale used to assess the level of consciousness of a patient. It ranges from 3 to 15. The lowest score is 3 and the highest is 15. </think><answer>Minimum = 0, Maximum = 15</answer>
