

Question:

What are the minimum and maximum possible values of Glasgow Coma Score?

Answer Choices:

- A. Minimum = 3, Maximum = 15
- B. Minimum = 0, Maximum = 13
- C. Minimum = 0, Maximum = 15
- D. Minimum = 3, Maximum = 18

Reasoning + Answer:

<think> Given that the Glasgow Coma Scale ranges from 3 to 15, the score can theoretically dip to a minimum of 3 and ascend to a maximum of 15.</think><answer> Minimum = 3, Maximum = 15</answer>
