

Question:

Bivalent meningococcal vaccine is ?

Answer Choices:

- A. A Y
- B. A C
- C. C y
- D. A W-I35

Reasoning + Answer:

<think>
To approach this reasoning problem , we need to analyze the context of the question , which is centered around identifying the correct nomenclature for a bivalent meningococcal vaccine . Among the given options , the correct identification aligns with the standard medical terminology for such vaccines , which is "A C," referring to the antigens common and cover most strains of meningococcal bacteria .</think>

<answer>
A C
</answer>
