

Question:

What are the minimum and maximum possible values of Glasgow Coma Score?

Answer Choices:

- A. Minimum = 3, Maximum = 15
- B. Minimum = 0, Maximum = 13
- C. Minimum = 0, Maximum = 15
- D. Minimum = 3, Maximum = 18

Reasoning + Answer:

<think>

- The Glasgow Coma Scale assesses a patient's eye opening , verbal response , and motor response .
- The total score ranges from 3 to 15 .
- The lowest possible score indicates a severe disturbance in consciousness , while the highest score indicates full consciousness .
- The score is used to evaluate the severity of brain injury .

- Therefore , the minimum score is 3 and the maximum score is 15 .
- This corresponds to option A .
- Other options have incorrect ranges .
- The question asks for both minimum and maximum values , which are 3 and 15 respectively .
- The correct answer is A .

- The Glasgow Coma Scale ranges from 3 to 15 .
- The minimum score is 3 and the maximum score is 15 .
- This matches option A .

- The correct answer is A because it has the right range of scores for the Glasgow Coma Scale .

</think><answer>A . Minimum = 3 , Maximum = 15 </answer>
