

Question:

What are the minimum and maximum possible values of Glasgow Coma Score?

Answer Choices:

- A. Minimum = 3, Maximum = 15
- B. Minimum = 0, Maximum = 13
- C. Minimum = 0, Maximum = 15
- D. Minimum = 3, Maximum = 18

Reasoning + Answer:

<think> in a typical Glasgow Coma Scale (GCS), the lowest score is 3 (e.g. eyes not responding to verbal commands, reflexes absent, no movement), and the highest is 15 (e.g. eyes open to pain, confounded responses to verbal and painful stimuli, and fully awake) </think> <answer> the minimum score of Glasgow Coma Scale (GCS) is 3 and the maximum score is 15 </answer>
