

Question:

Toula went to the bakery and bought various types of pastries. She bought 3 dozen donuts which cost \$68 per dozen, 2 dozen mini cupcakes which cost \$80 per dozen, and 6 dozen mini cheesecakes for \$55 per dozen. How much was the total cost?

Reasoning + Answer:

<think>Toulaspent\$204onthedonuts(\$68x3).Toulaspent\$160ontheminicupcakes(\$80x2).Toulaspent\$330ontheminicheesecakes(\$55x6).\$204+\$160+\$330=\$714</think><answer>714</answer>
