

## Question:

A robe takes 2 bolts of blue fiber and half that much white fiber. How many bolts in total does it take?

## Reasoning + Answer:

<think>  
2 bolts of blue fiber and half of that much white fiber means 2 bolts blue + 2 / 2 bolts white = 2 bolts blue + 1 bolt white  
So total is 2 + 1 = 3 bolts  
</think>  
<answer>  
3 </answer>
