

Question:

Which expression is equal to 720?

Answer Choices:

A. 7×20

B. 9×90

C. 8×80

D. 9×80

Reasoning + Answer:

<think>

We need to find an expression that equals 720. To find this, we can consider the options given and think about what multiplication factor will give us 720. Option A is 7 times 20, which equals 140.

Option B is 9 times 90, which equals 810 and too high. Option C is 8 times 80, which is giving 760 which is also too high.]
